

Position: NetSuite ERP Consultant

Job Description: Our company is the leading NetSuite UK Solution Provider. We are experiencing rapid growth in our Professional Services team. We are seeking an ERP Consultant who will be responsible for the implementation and support of integrated Accounting/ERP solutions. The role will involve the delivery of ERP solutions to mainly small/mid size businesses. Responsibilities will include the following:

- On-site and/or remote implementation of NetSuite's web-based ERP application.
- Consult with customers on business process improvements
- Analyse requirements and document business requirements
- Create and maintain a positive customer relationships
- On-site and/or web-based training

The position requires the disposition and ability to deal with senior client representatives and the ability to identify needs and specify effective solutions to clients. A solid understanding of the following areas is essential: Accounting, Order Processing, Inventory Management and CRM. The ideal candidate will exhibit the potential to progress into a Project Management role.

A minimum of two years experience in ERP systems implementation and support is expected. NetSuite ERP experience would be beneficial but is not essential.

There will be a requirement to travel nationally but a reasonable proportion of work will be performed remotely either from either our office or a home office.
